

SIR SYED UNIVERSITY OF ENGINEERING & TECHNOLOGY
COMPUTER SCIENCE & INFORMATION TECHNOLOGY DEPARTMENT
Summer 2023
Programming Fundamentals (CS-116T)
Assignment 1

Semester: II
Due Date: 12-August-2023

Max Marks: 10

- Instructions:
- Attempt all questions
 - Copied assignment will not be acceptable
 - Submission must be handwritten

CLO #	CLO Statement	Bloom’s Taxonomy
CLO 1	Describe logic of a program with the help of algorithm and flow chart to represent the solution of problem.	C2 (Understanding)

Question_01:

Consider visiting a restaurant. **Represent** the process of food ordering system in the form of an Algorithm. System should include the elements such as presenting menu, asking any requirement from the customer, bill calculation, discount, bill payment.

Question_02:

Represent the algorithm, written in response to Question_01, in the form of a flowchart.
